

A Special Gift To The Lord

There is an opportunity for us to receive a great blessing and to be a blessing at the same time. The New building has a large number of doors and some very large windows. We would like to make available to you and your family the opportunity to dedicate one or more of the windows or doors in Memory or Honor of a loved one, a friend or just someone who is special in your life.

The Individual who is to be honored will have their name engraved upon a brass name plate, which will be displayed upon a beautiful wood plaque on the wall of History in the New Building. This gift to the building would be over and above the gift we have already pledged. It will be a way that the memories of those loved ones and friends live on after we have gone.
