

POLICIES AND PROCEDURES FOR GIRLS IN ACTION (GAs)

GAs is offered for girls in the 1st-5th grades on Wednesday Evenings @ 6:00pm on the top floor of the Educational building. GAs is a mission minded program. This is more than just a time for your child to be watched while you are learning in the Bible study hour. We feel that even young hearts can begin to understand the call God gives to go and tell the good news. The girls have a great time not only being taught about missionaries but by being involved in fun-filled activities to further teach them God's call. The class is equipped with plenty of female supervision who are devoted to teaching truth to the girls of NGBC.

- If you are planning on attending, you'll want to arrive a little early and any church member can direct you toward the top floor of the educational building.
- This will take place for one hour while the Wednesday activities are taking place.
- The children can be picked up where you dropped them off.

If you have any questions about security issues please contact the church or review the safety procedures located on the children's page of ngbc.org (coming soon).
